11AM - NOON	<p><b>SEASIDE 4-A</b> FREE PRESENTATIONS</p> <p><b>Immerse Yourself in Yap</b> <i>Ken Kurtis and Bill Acker, Manta Ray Bay Resort and Yap Divers</i></p> <p>The island of Yap is truly one of the "undiscovered" diving jewels of the western Pacific. Perhaps best-known for the year-round congregation of Manta Rays who delight divers with close encounters at the three main cleaning stations, Yap is much more than almost-guaranteed manta encounters. Yap also features nightly Mandarinfish mating, daily shark encounters, marvelous muck dives, vertical walls, sumptuous soft corals, all the delights you'd expect from world-class diving. Manta Ray Bay Resort is probably one of the nicest and most unique dive-dedicated resorts in the world with modern, spacious rooms, free Internet, a well-equipped dive shop, fast boats, a knowledgeable staff, and much more.</p>
	<p><b>SEASIDE 5-A</b> FREE PRESENTATIONS</p> <p><b>California's Renowned Divers</b> <i>Jennifer King, Women's Scuba Association</i></p> <p>This seminar/meeting is aimed at recognizing the accomplishments of California Divers.</p>
NOON - 1PM	<p><b>Wakatobi Dive Resort &amp; Pelagian Dive Yacht: An experience without equal</b> <i>Henrik Rosén</i></p> <p>Featured speaker Henrik Rosén shares the story of Wakatobi Dive Resort as a principal who helped to transform a simple dive outpost into a premier destination, and one of the world's most successful models for cooperative conservation. Henrik is also a wealth of information on the numerous details of planning your dive vacation. Wakatobi Dive Resort encompasses some of the most pristine and bio-diverse reefs on Earth, including the famous House Reef, one of the world's best shore dives. The Wakatobi experience includes fine dining and five-star services, direct charter flights from Bali, and intimate oceanfront bungalows and infinity-pool villas.</p>
	<p><b>Tools of the trade: Utilizing technology to create stunning underwater images</b> <i>Todd Winner and Michael Zeigler and Samy's Camera</i></p> <p>The creation of memorable underwater images is a product of the photographer behind the camera, and often their visions can be brought to life by utilizing the technology available to them. Todd Winner and Michael Zeigler will share some of their favorite images and discuss what equipment helped make each of the photographs possible.</p>
1PM - 2PM	<p><b>Pristine Paradise. Palau!</b> <i>Nanae Singero, Palau Visitors Authority</i></p> <p>Welcome to Pristine Paradise. Palau! Now world-renowned for its underwater wonderland, Palau offers divers over 500 species of corals and more than 1400 species of fish. Come learn about the wisdom and culture that shaped Palau's exceptional underwater beauty, and meet the tour operators and hotels/resorts to hear their latest discoveries and activities.</p>
	<p><b>Best of Papua New Guinea</b> <i>Chet Moore</i></p> <p>Chet Moore has been diving for over 40 years, eschewing his home waters of Monterey Bay, CA, for the little latitudes where the water is warm and the visibility unlimited. Chet and his wife have been diving Papua New Guinea since the early '90s and now represent Walindi Plantation Resort, M.V. FeBrina, Tufi Adventure and Trans Niuguini Tours at consumer and trade shows. This presentation is colorful, fast moving, and informative including the ins and outs of getting in and out of PNG.</p>
2PM - 3PM	<p><b>Pristine Paradise. Palau! -- Continued</b> <i>Nanae Singero, Palau Visitors Authority</i></p> <p>....A continuation of the first hour, new attendees welcome ...Welcome to Pristine Paradise. Palau! Now world-renowned for its underwater wonderland, Palau offers divers over 500 species of corals and more than 1400 species of fish. Come learn about the wisdom and culture that shaped Palau's exceptional underwater beauty, and meet the tour operators and hotels/resorts to hear their latest discoveries and activities.</p>
	<p><b>Polar Diving in the Arctic and Antarctic</b> <i>Henrick Enckell, Oceanwide Expeditions</i></p> <p>Join us in discovering the pristine nature of our polar areas. Our polar dive master, Mr. Henrik Enckell, will take you on a visual journey through both the Arctic and Antarctica, both under water and topside, covering the logistics of getting there and back along the way. We will also discuss the special wildlife we encounter and learn that even though they may look similar at first glance, the two poles are actually quite different. Looking forward to seeing you there.</p>
3PM - 4PM	<p><b>Capturing Spherical 360 Video Underwater</b> <i>Michael Kintner, 360Heros</i></p> <p>How do you capture spherical 360 video and photos underwater? In stunning 8K spherical video resolutions you can experience what it's like to swim with sharks or even be eaten by them. We will show you what's in the equipment and how it can help your business grow. The 360Abyss is crush-rated to 1,000 meters and is an amazing virtual reality tool used to capture everything all around you, both above and below the water.</p>
